

I'm not robot!

Carol B.Anytime one particular type of object was produced in a wide variety of styles, there is bound to be collector interest. This is certainly the case with trivets. These utilitarian objects were made with a decidedly decorative touch and have attracted a loyal following over the years. In her book The A to Z Guide to Collecting Trivets (Collector Books, \$24.95), author Margaret L. Rosack discusses more than a century of trivet designs. In this book you'll learn about vintage and antique trivets (those made prior to the 1940s), as well as contemporary examples (Rosack breaks this category into two groups: those cast between 1940 and 1970 and those made from 1970 to the present). Market values, tips on care and cleaning, and conversations with collectors make this volume one that is sure to increase your knowledge of your collection.This content is imported from OpenWeb. BLACK+DECKER D2030 Digital Advantage Professional Steam Iron, LCD Screen - Use Manual - Use Guide PDF. Documents: Go to download! User Manual Owner's manual - (English) Other Documents Warranty - (English) User Manual - (English) Use & Care Manual Steam Iron BLACK+DECKER D2030HOW TO USEThis appliance is intended for household use only.GETTING STARTED• Remove any labels, stickers or tags attached to the body or soleplate of the iron. Important: For warranty verification, do not remove the line cord sticker. • Use ordinary tap water for ironing. Do not use water processed through a home softening system. • For optimum performance, let the iron stand for 90 seconds before beginning to iron. • Always stand the iron on its heel rest when powered on but not in use.FILLING WATER TANK1. Tilt the iron and using a clean measuring cup, pour water into water-fill opening until the iron reaches the MAX mark on the water tank. Refill as needed.Note: If you need to add water while ironing, unplug the iron and follow above steps.SELECTING A TEMPERATURE SETTING1. Plug in the iron. The power indicator light turns on and a beep sounds. Temperature setting 1 (ACRYL) appears in the digital display. (A)2. To select a temperature setting, press the temperature setting button below the digital display until you reach your desired setting from 1 to 7. Note: See the fabric guide on the iron and read garment's label to help you determine which temperature setting to use. (B) Tip: If unsure of a garment's fiber, test a small area (on an inside seam or hem) before ironing.3. The digital display will show the setting number and fabric type; these will flash on the display until the set temperature is reached.4. When your set temperature is reached, the iron will beep once and the word "READY" will appear in the display. The temperature setting, number and "READY" will be displayed as you iron. (C)5. To change temperature settings while ironing, just push the temperature button. When a lower setting is selected, fabric type will flash until the iron temperature has lowered to the correct level for that setting. The iron will beep once and "READY" will appear in the bottom of the display window.IRONING WITH STEAM1. For steam ironing, be sure the water tank is filled to MAX.2. Turn the variable steam dial to the appropriate steam setting for your fabric. (D) Note: See the fabric guide on the iron (B) and read garment's label to help you determine which steam setting to use.3. For optimum performance when using steam, stand iron on its heel rest until the selected temperature setting is reached.4. When finished ironing, turn the variable steam dial to the steam off setting.BURST OF STEAMHORIZONTAL Tip: Use to remove stubborn creases.1. With the water tank filled to the MAX mark, set temperature setting and variable steam to the appropriate settings for your fabric. See fabric guide on the iron and read garment's label to help you determine fabric type.2. For best performance, press the burst of steam button at 5-second intervals.3. When finished ironing, turn the variable steam dial to the steam off setting, stand the iron on its heel, and unplug the iron.Newest Added: CM4100S SCD4007 HC150B DCM100B HGS100TAlso, These documents are for others Black+Decker models: D2530, D2630Tags: Black+Decker Irons User Manuals, Black+Decker Irons Use Manual, Black & Decker Sh1001b, Black And Decker Griddle Manual, Black Decker Iron Manual, Black And Decker Electric Skillet, Black And Decker Portable Washer ManualTMDIGITAL ADVANTAGE™ IRON PLANCHAUse & Care Manual manual de uso y cuidadoD2030 D2530 D2630Next 1 2 3 ... 20 Page 1 DIGITAL ADVANTAGE™ IRON PLANCHAUse & Care Manual manual de uso y cuidado D2030 D2530 D2630... H O W T O U S E This appliance is intended for household use only. G E T T I N G S T A R T E D • Remove any labels, stickers or tags attached to the body or soleplate of the iron. • Please go to www.prodprotect.com/applica to register your warranty. • Use ordinary tap water for ironing. Do not use water processed through a home softening system. • For optimum performance, let the iron stand for 90 seconds before beginning to iron. • Always stand the iron on its heel rest when powered on but not in use. F I L L I N G W A T E R T A N K 1. Tilt the iron and using a clean measuring cup, pour water into water-fill opening until the water reaches the MAX mark on the water tank. Refill as needed. N o t e: If you need to add water while ironing, unplug the iron and follow above steps. I R O N I N G W I T H S T E A M 1. For steam ironing, be sure the water tank is filled to MAX. 2. Turn the variable steam dial to the appropriate steam setting for your fabric. (D) Note: See the fabric guide on the iron (B) and read garment's label to help you determine which steam setting to use. 3. For optimum performance when using steam, stand iron on its heel rest until the selected temperature setting is reached. 4. When finished ironing, turn the variable steam dial to the steam off setting. B U R S T O F S T E A M H O R I Z O N T A L Tip: Use to remove stubborn creases. 1. With the water tank filled to the MAX mark, set temperature setting and variable steam to the appropriate settings for your fabric. See fabric guide on the iron and read garment's label to help you determine fabric type. D R Y I R O N I N G • To iron without steam, set the variable steam dial to steam off. U S I N G S P R A Y M I S T Tip: F or fabrics other than silk, use to dampen tough wrinkles at any setting. 1. Be sure the iron is filled with water. 2. On first use, pump the spray button several times. 10-M I N U T E A U T O S H U T O F F The automatic shutoff feature in your iron works as follows: • Once the iron reaches appropriate temperature, it will turn off after 10 minutes of inactivity. Before turning off, the iron will beep once and "AUTO OFF" will flash in the digital display. • Once turned off, the digital display will go dark, but the words "AUTO OFF" will continue to show in the display. • As soon as you pick up the iron, it will beep once and start heating again to the set temperature setting. Wait for iron to reheat completely before resuming operation. C A R E A N D C L E A N I N G This product contains no user serviceable parts. Refer service to qualified service personnel. C L E A N I N G 1. Make sure iron is unplugged and has cooled completely. Wipe the soleplate and outer surfaces with a soft cloth dampened with water and mild household detergent. Never use abrasives, heavy-duty cleansers, vinegar or scouring pads that may scratch or discolor the iron. 2. After cleaning, steam iron over an old cloth to remove any residue from the steam vents. ® A U T O C L E A N S Y S T E M To keep the steam vents free of any buildup, follow these instructions when the word "CLEAN" appears in the digital display: 1. Fill the water tank well below the MAX line. Plug in the iron. 2. Press the temperature setting button to 6 and stand the iron on its heel rest. Allow it to heat about 3 minutes. N E E D H E L P ? For service, repair or any questions regarding your appliance, call the appropriate 800 number on cover of this pamphlet. Please DO NOT return the product to the place of purchase. Also, please DO NOT mail product back to manufacturer, nor bring it to a service center. You may also want to consult the website listed on the cover of this pamphlet. Warranty Information (Applies only in the United States and Canada) What does it cover? • Any defect in material or workmanship provided; however, Spectrum Brands' liability will not exceed the purchase price of product. For how long? • Two years from the date of original purchase with proof of such purchase. What will we do to help you? • Provide you with a reasonably similar replacement product that is either new or factory refurbished.
